“The first day already shows that it is not in vain that we are participating here. We have already received quite a large number of contacts, and contacts that are “hot”, and I think that contracts are not far off.

Egor Pavlenko
Director of Marketing and Commerce
Nevatom

“We have already received many new contacts. Managers process incoming applications. We hope that this industry event will allow us to enter new projects where we can successfully implement any technical tasks.

Evgenia Miroshina
Head of Public Relations
SVOK

“We are very pleased to be a participant in this wonderful exhibition. This is truly one of the most exciting events of the year. This is a breath of fresh air for the entire climate control industry. The fact that the exhibition is growing, the exhibition is developing, makes us incredibly happy.

Nikita Petrov
Head of Marketing Department
Haier rus

“I am sure that next year we will also participate. Today is only the second day of the exhibition, and already hundreds of new contacts, hundreds of new people have become acquainted with our organisation. I am confident that in 2024 this exhibition will be the point of growth for us that will allow us to fulfill all our goals and exceed our organisation's sales plan.

Konstantin Grigoriev
Technical Director
Breez

“This is one of the coolest exhibitions in the engineering industry. It is always better to communicate with the customer live. It's better to talk, shake hands, and in the future, work together to improve the microclimate in buildings.

Sergey Barinov
Project Manager
Aero Ixia

“Russia is our largest business partner in the HVAC sector. I can say with confidence that we will continue to take part in the AIRVent exhibition. Thanks to the Organiser for this opportunity to be here, we are glad to cooperate.
